## LETTER OF INTENT

This letter of intent is to confirm our interest in the acquisition with one of the shortlisted and qualified books from the author [REDACTED] and propose a literary task group with the agency to address the gaps related to the need for manuscript polishing concerning literary standards.

We understand that, by undertaking this task group responsibility, Silver Ink Literary Agency becomes a partner in this initiative, and that the task group definition and its eventual outputs will be posted and finalized through contract bidding and acquisition.

The total project investment for the requirements and legal fees shall be shared with the accredited agency and its author wherein the agency is required to cover **75%** of the project cost or subject to mutual agreement by both parties. Our company is prepared to an initial author royalty of **\$30000** in the event of a successful book acquisition.

We thank you for the opportunity to participate in this initiative, which dovetails with key initiatives being undertaken in our organization. We believe that the project with your proven track record and quality output will be beneficial to the author, business, and future qualified writers worldwide.
